

A *Cabinet of Curiosity* (also known in German as a *Wunderkammer*), is used to hold a collection of remarkable objects.

Classic *Cabinets of Curiosities* became popular in the sixteenth century and objects usually belonged to the natural world (sometimes fake!), geology, ethnography, archaeology, religious or historical relics, works of art and antiquities.

What objects would you put in your very own *Cabinet of Curiosity*? Use the spaces below to draw in your favourite possessions and curiosities!
